Grades outside the top five (5) grades may comprise an alternate number of teams in order to fulfil fixturing requirements.

1 COMMUNICATIONS

- 1.1 All forms and communications addressed to the Association must be by mail, email or facsimile and be typed or written in ink.
- 1.2 Information circulars emanating from RDCA officials must be consecutively numbered to ensure that clubs are aware that all advices have been received. Clubs will be held responsible for ensuring that advices are received in sequence.
- 1.3 Information requiring immediate dissemination to clubs may be sent via mobile text message and/or email.

2 ASSOCIATION REPRESENTATIVE MATCHES

- 2.1 The Selection Committee consisting of a minimum of three (3) members shall be appointed annually by the Senior Committee to select teams to represent the Association in matches.
- 2.2 “Representative Teams” and practice squads of the Association will be selected by the Selection Committee.
- 2.3 A player selected in any Association Representative Team or in any practice squad, who is subsequently unable to play in such Representative Team or attend practice, shall furnish the Senior Committee, at least seven (7) days prior to the match or practice, his notice of unavailability. If a selected player fails to attend or play as required or if the notice of the unavailability is furnished less than seven (7) days prior to the match or practice, the Senior Committee may impose such penalty, including suspension or fine, as it considers the occasion warrants. Players selected in Association Representative Teams will be unavailable for selection in any club team scheduled to play on the same day.
- 2.4 Notification of selection shall, for the purpose of this rule, be deemed sufficient if players concerned are advised of their selection personally, by email or letter at least four (4) days prior to the match or practice.

CLUB/TEAM ENTRIES

Such entries are to be regarded as final.

A simple majority of eligible votes will be required to achieve acceptance of such a proposal.

4 FULFILMENT OF FIXTURES

- 4.1 If a team is unable to secure its ground for a match it must give seven (7) clear days' notice to that effect to the opposing club and to the Senior Committee Secretary. The Senior Committee Secretary shall then decide where and when the match shall be played and is empowered to impose a penalty on any club failing to comply with its decision.
- 4.2 Every team unable to play a competition match shall give notice to the Senior Committee Secretary and to the opposing club of its inability to play by no later than noon on the day preceding the day scheduled for play. Should this deadline be met the penalty shall be a loss of 4 points but should advice be received after this deadline the penalty shall be a loss of 8 points. Withdrawal of a team from the competition, after cut-off date in September, will incur a fine of \$100.00.

PLAYING ELIGIBILITY

5 REGISTRATION OF PLAYERS

All players must be registered in My Cricket with their respective clubs and a player must be registered with the club with which he desires to play, prior to the completion of the match. Each club is responsible for maintaining their own player registration listing (in My Cricket) comprising ONLY those players that are eligible to be registered with their club.

EXISTING REGISTERED PLAYERS

- 5.1 The existing club player block registration listing at the end of the previous season will be used as the club player block registration listing for the next season.

NEW REGISTRATION

- 5.2 Prior to entry onto a Club's My Cricket data base, each new player must complete and sign an Association Registration Form. This form must be signed by the Secretary or other official of the club, retained in the club records and produced for verification if required by the RDCA. No player shall be eligible to play unless registered as above and no player shall be registered unless eligible.

APPROVAL BY BOARD OF MANAGEMENT

- 5.3 Notwithstanding anything contained in these rules, all players shall be and remain at all times subject to the approval of the Board of Management and / or the Senior Committee.

PLAYER REGISTERING WITH MORE THAN ONE CLUB

- 5.4 Any player who signs the registration forms and submits himself for registration with more than one club in this Association shall be dealt with by the Senior Committee.

6 CLASSIFICATION OF PLAYERS

- 6.1 A Premier, Sub-District or Club of another Association shall be permitted free interchange of players between its Senior teams and their highest grade in this Association without permits, provided that such players are duly registered in accordance with the rules of this Association, but this rule shall not permit the transfer of players between teams in this Association without compliance with these rules.
- 6.2
- i) If a club has two or more teams in this Association, then any player of that club may play in any team of that club, within 6 grades or 1 team, whichever is the greater number of grades, than played in their previous match, without the approval of the Senior Committee.
NB: within 6 grades includes the grade last played.
 - ii) A player may transfer to a team of his club in a higher grade at any time without a permit.
- 6.3 The number of home and away matches to be played by players to be eligible to play in semi-final and/or final matches of any one grade in any season will be determined by the Senior Committee. Players of a team causing a forfeit cannot use that forfeit match as part of their eligibility to play in semi-final and/or final matches. (Junior and Veteran matches do NOT qualify for Senior grades or vice-versa). It is permissible for any club to freely interchange their eligible players between any consecutively graded teams of that club in the RDCA or other Associations' final series, provided that teams are competing on the same day or days in semi-final and/or finals matches.

In instances where the higher graded team has progressed to the Grand Final, a player may play in the Preliminary Final in the lower of consecutively graded teams where he played in that team in the Semi-Final or he fulfils other eligibility requirements. The Modified Grades Grand Final equates to a Preliminary final in higher grades. Meaning that a player can play in a Modified Grade Grand Final and a higher grade Grand Final.

- 6.4 Any team playing an unregistered or ineligible player shall be fined \$40.00 per player and shall lose all points earned in that match. MATCH points will be awarded to the non-offending team.
- 6.5 Persons called upon to act as "substitutes" MUST be registered players of this Association. A player acting as a substitute need not have played the required qualification matches in order to act as a substitute in finals, however a player may not act as a substitute in a grade more than two consecutive grades lower than the grade in which he last played in during the current season.
- 6.6 A registered player of this Association shall not be permitted to play in two matches at the same time or in the same round, either with this or any other Association without a permit from the Senior Committee.
- 6.7 Players from another Association - refer to Rule 7.8.

7 CLEARANCES AND PERMITS

- 7.1 Clearance requests are to be submitted online through My Cricket and MUST be approved prior to that player commencing play in any match.
- 7.2 If no action is taken by the club to which the application for clearance is made within seven (7) days, the Registration Secretary may deal with the application as deemed fit.
- 7.3 All clearance and associated registrations must be finalised prior to the commencement of the match.
- 7.4 Any player unable to obtain a clearance from his club in this Association shall have the right to apply to the Registration Secretary who shall have the power to deal with the application.
- 7.5 Any player who has previously registered with an RDCA affiliated club requires a clearance application to be submitted online, on their behalf, in the MyCricket system. This clearance must be approved by the player's previous RDCA club prior to that player commencing play in any match.

- 7.7 Any player who has played with a club affiliated with another Association during the current season, and desiring to transfer to RDCA must first obtain a clearance from his club, such clearance to be endorsed by the Association he desired to leave. In the event of the club refusing the clearance he may appeal to his Association.  - ii) On the first day of a two-day match, the number of overs to be bowled shall be as defined for the grade in Table 15-1, section 2, unless the team batting first is dismissed with five or less overs to be bowled, when the team batting second may take the option of forfeiting the balance of the overs due to be bowled on that day.
Note! A declaration is not considered as a 'dismissal' and, in such circumstances, the full amount of overs scheduled is to be bowled on that day.
- 13.2
 - i) The team batting first, if it is not dismissed, shall have its innings compulsorily closed after the scheduled overs have been bowled.
Note! No reduction of overs for adverse weather. Play may continue to 7:00pm on either day to make up time lost, but no over is to commence after 7:00pm.
 - ii) The team batting second shall be entitled to bat for the remaining number of scheduled overs (or to 7:00pm on the second day if adverse weather intervenes during the match) whereupon the match shall end.
- 13.3 Should the innings of the team batting first be completed either by dismissal or declaration prior to completion of the scheduled number of overs then the team batting second shall be entitled to bat for the remainder of the designated overs unless they declare or are dismissed. The remaining designated overs may be used for a second innings.
- 13.4 Where less than 25 overs have been bowled on the first day of a two-day match, this match will not be regarded as having commenced for the purposes of this rule and the match will be played as a Limited-Overs match on the scheduled second day of the match.
- 13.5 If play has not commenced two hours after the scheduled starting time (first day only), captains may agree to abandon play.
- 13.6 Should a bowler be unable to complete an over in any match, that over shall be completed by another bowler provided that such bowler shall not be the one who bowled the preceding over.
- 13.7 When BOTH competing captains agree, matches may be terminated any time after a first innings decision has been reached. A match may not be terminated early in order to achieve an outright result. Should captains not agree and the match is terminated for any reason other than outright result the team(s) responsible will be penalised 12 match points and further action against the captain(s) responsible will be subject to consideration by the Senior Committee.

- 13.8 In all matches, where the scheduled number of overs has been completed, the team scoring the greater number of runs in the first innings, irrespective of the number of wickets lost, shall be declared the winner.
- 13.9 When the team batting second is prevented from receiving its over entitlement, the match shall be drawn, unless in the available time a decision is reached.

14 LIMITED / EXTENDED OVER MATCHES

- 14.1 Limited / extended over matches shall consist of a designated number of overs as defined for the grade in Table 15-1, section 3 and shall be single innings matches.
- i) Where time is lost before the commencement of a match, the number of overs available to each team will be reduced by 1 for every 8 minutes, or part thereof, lost. In these instances, a minimum of 25 overs per side will be required to constitute a match.
 - ii) Where time is lost during the first innings of a limited/extended over match, the number of overs available to each team (and bowling restrictions) will be reduced by 1 for every 4 minutes lost.
 - iii) Where time is lost during the second innings of a limited/extended over match, the match will continue until either a decision is reached or to the end of the over in progress at 7:00pm whichever is the earlier.
- 14.2 Restrictions shall apply to limited / extended over matches in all grades and these restrictions will be advised prior to the commencement of each season.
- Where overs are reduced, the maximum number of overs each bowler may bowl will be reduced equitably among the minimum 5 bowlers required to complete a full innings. (Refer Table 15-2 for calculation.)
- 14.3 At all times, the match shall conclude when the team batting second is dismissed or declares its innings closed.
- 14.4 In limited / extended over matches captains may agree to conclude the match once a decision is reached.
- 14.5 Other conditions of play are as defined in Rule 13 – Two-Day Matches.
- 14.6 For the purpose of determining 'Wides' in Limited-Over matches, a ball that passes the batsman down the 'Leg side' without deflection, shall be deemed wide. On the 'Off side' the ball must pass inside the extension of the painted lines as described in Rule 22.9.
- 14.7 Application to play matches on a Sunday or public holiday (in lieu of Saturday). Clubs desiring to take this option must submit an application at least 4 weeks prior to scheduled date of the match. The Senior Committee Secretary is empowered to make the decision. If approved, the match will become part of scheduled fixture and be subject to the rules that apply thereto. Approval may not be forthcoming if the proposed date of the match clashes with that of a scheduled Association representative match. Clubs requesting a change of fixture must be aware of player availability under Rule 2.3. In the event that Saturday matches of the same round are abandoned by the Senior Committee due to weather conditions (wet or heat) such decision will also apply to matches in that round being played on the Sunday or public holiday.

Table 15-2

Unless a team is completely dismissed, a minimum of 25 overs per side will be required to constitute a match. Grey squares = Match abandoned.

16 OVER RATE REQUIREMENTS

Applicable to **Premier Grades** only.

16.1 Minimum overs requirement

In each innings of a match the overs bowled shall be no less than 16 overs per hour. A full day's play is scheduled to be completed by no later than 6:20pm.

16.2 Penalties:

i) Bowling Side: Penalty Assessment

A penalty of 0.5 match points will be applied in the first instance each season and doubled exponentially for each subsequent instance by that team.

ii) Exceptions

A penalty shall not be incurred in an innings where a side is dismissed and the adjusted batting time taken did not exceed:

- 2 Day matches – 200 minutes
- Limited-Over matches - 100 minutes
- Extended Over matches – 120 minutes

iii) Allowances for On-field Delays

The allowances to the bowling side shall be actual times for injuries requiring treatment or assistance to leave the field, ball-drying or replacement, other delays unrelated to adverse conditions or time wasting and tardiness in starting or resuming play and time wasting for which the batting side is to be penalised under rule 16.2 iv).

iv) Batting side: Penalty Assessment

A batting side shall be penalised at the same rate per over as in rule 16.2 i) for the number of overs relative to the amount of actual batting time wilfully wasted by it in each innings including undue time taken by an incoming batsman to reach his wicket.

16.3 Notification of Penalties

Penalties will be notified to clubs by the umpires if requested on the day or upon receipt of the club copy of the Umpires' Match Report.

17 MODIFIED RULES FOR DESIGNATED GRADES

The Senior Committee will determine the grades to which these rules apply based on team entries each season and these grades shall be known as the Modified Grades.

17.1 Applying to both one (1) day and two (2) day matches:

- i) A minimum of 7 bowlers per split / (35 overs) must be used with each bowling a minimum of 2 overs each. Maximum 7 overs per bowler.
- ii) 5 overs to be bowled at each end prior to changing ends, batsmen change ends at the end of each over except every 5th over as bowling will commence from opposite end. Umpires may change positions at the same time as the bowler.
- iii) A team can have 13 registered players of which any combination of 11 players can bat, bowl and field.
- iv) Each team must declare their 13 players by exchanging team sheets (in back of RDCA scorebook) listing all 13 players and indicate underage players where relevant, prior to the commencement of play.
- v) Note Table 15-1, section 10, for underage player bowling restrictions.

- vi) All 13 players of a team must be entered in MyCricket and also be recorded in both scorebooks. Players not listed in the scorebook and on MyCricket will mean they are unable to count the match towards finals qualifications.
- vii) If a bowler commences an over that exceeds the limit of overs bowled as specified in these guidelines the delivery(ies) is/are to be declared null and void and a replacement bowler will re-bowl the over.
- viii) Any ball bowled that bounces over the shoulder shall be deemed a 'No ball' in both Limited-Over and two-day matches.
- ix) If other players have retired, the 12th and 13th players can bat, with the opposition captain's permission, until a side loses 10 wickets.
- x) Substitute players are not allowed in the modified format.

17.2 Applicable to one (1) day matches only:

- i) Playing 70 overs – 35 each team.
- ii) Batsmen retire as soon as they make 50 runs (not the end of the over). RETIRED NOT OUT is scorebook entry.
- iii) When all available players in the team have batted, RETIRED NOT OUT batsmen may return in order of retirement and bat until dismissed or until the close of the innings.
- iv) When a batsman returns to the crease the bowling side may reuse any bowlers who have bowled without any of the original over limitations.
- v) Any ball bowled down leg side without touching the batsman shall be called a wide. Offside wides to be judged via current pitch markings on both sides of the wicket.
- vi) If a team is dismissed in less than 35 overs, the opposition is entitled to bat a maximum of 35 overs.
- vii) Scorers should record details when a player retires, such as the team score (treat like a fall of wicket) at that point and number of overs bowled e.g.15.3. These facts will help in determining batting partnerships.

17.3 Applicable to two-day matches only:

- i) Each innings (70 overs) will be split into 35 over groups i.e. after the first 35 overs of an innings there will be a tea break and the fielding side will start their batting innings.
- ii) On 2nd day the team that batted second on day 1 will resume their innings (assuming they were not dismissed) with the 2 current not out batsman, for a further maximum of 35 overs. After the Tea break the other team will then resume their innings.
- iii) At the end of each batting session, a notation must be made in the scorebook confirming score at end of 35 overs e.g. 4/156. Not out batsman and their individual scores e.g. Smith 23* Jones 12*.

Note: A further notation should be made to record which end the last over was bowled from and which batsman was on strike. These details will be important on day 2 ensuring bowling commences from the correct end with the correct batsman on strike. In effect, the first innings of each team (70 overs) is split across 2 days.

- iv) If a team is dismissed prior to using its allocated 70 overs, the other team will be able to bat these overs. For example, if Team 1 is dismissed in 60 overs, Team 2 can bat for 80 overs (70 overs + 10 overs). Follow on rules will still apply as per the current two-day rules.

- v) Other points awarded for a 1st innings win, outright win etc will be allocated according to the current points system.
- vi) In the event of rain, existing rules will apply. The team batting last must be given the opportunity to face 70 overs. If the team batting last does not face 70 overs and is not dismissed or they don't make the necessary runs the match will be a draw.
- vii) In each section of the innings, a bowler can only bowl a maximum 7 overs per session/split.
Note: The rationale behind this rule is about participation and to stop teams bowling 2 or 3 bowlers in the first 35 overs and coming back on day 2 and bowling the same bowlers.
- viii) In the event that a team is dismissed within the 70 overs, the bowling restriction is removed after 35 overs have been bowled in the next batting session.

17.4 Finals will be played in the split innings format with a two-week final series as defined in Rule 18.

17.5 Summary of above in table format.

Description	Limited-Over match	Two-day match

- 41.4 There will be an interval of no more than 10 minutes between each innings.
- 41.5 No drinks intervals shall be permitted.
- 41.6 An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken onto the field without the permission of the umpires.

Time lost during the 2nd innings (including stoppage for bad light) – Innings to be compulsorily closed at end of the over in progress at 8:00pm.
- 42.2 The minimum number of overs faced by each side to constitute a match is 10.

- 45.3 Net Run Rate. A team's Net Run Rate (NRR) is calculated by deducting from the average runs per over scored by that team, the average runs per over scored against that team. In the event of a team being all out in less than its full quota of overs, the calculation of its Net Run Rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed. Only those matches where results are achieved will count for the purpose of NRR calculations.
- 45.4 A tie is determined by equal runs scored irrespective of wickets lost. In the event of a tied match, a 'Super Over' will be contested in order to achieve a result. The 'Super Over' will take place immediately after the tied match is completed and will occur on the pitch used for the match. The 'Super Over' will consist of one over extra per team with the higher score winning. If the scores are still tied after the 'Super Over' then the process will continue until there is a winner. The team batting 2nd will bat 1st in the Super Over with fielding restrictions being as per the last 5 overs (5 fieldsmen outside the circle). A batsman dismissed during a 'Super Over' is out and may not bat again during any subsequent Super Overs. There is no restriction on how many bowlers can be used during the Super Over process but no bowler may bowl more than 6 balls in total. For Net Run Rate calculations Super Over results will count.
- 45.5 The four highest placed teams will be ranked (1 to 4) based on their performances in the Preliminary Rounds and the semi-finals will be played as follows:
- 1 v 4, 2 v 3. The two winning semi-finalists will play off in the Grand Final.

46 RESTRICTIONS ON THE PLACEMENT OF FIELDSMEN

At the instant of delivery there shall not be more than five fieldsmen on the leg side. Fielding restrictions will apply as follows:

- for the next 5 overs (overs 11-15) up to 4 fieldsmen will be allowed outside a 30-metre circle
- for the remaining 5 overs (overs 16-20) up to 5 fieldsmen will be allowed outside a 30-metre circle.

In an interrupted or reduced over match then fielding restrictions will apply as follows:

19	1-4	5-9	10-14	15-19

16	1	2-6	7-11	12-16
15	1-5	6-10	11-15	
14	1-4	5-9	10-14	
13	1-3	4-8	9-13	
12	1-2	3-7	8-12

- 47.2 At the end of each over, only the two batsmen change ends (only officially appointed professional umpires are to officiate at the bowler's end).
- 47.3 Apart from normal fielding position changes, the fieldsmen only change after each five over block. At the end of each five over block the batsmen remain at the same end (as do umpires if 2 officially appointed umpires are in charge).
- 47.4 Matches may be played by bowling from only one end if umpires decide that the other end is unfit for play (wet, sun glare etc) or other exceptional circumstances (eg propensity for lost balls).
- 47.5 No bowler shall bowl more than 4 overs in an innings.
- 47.6 In a delayed or interrupted match where the overs are reduced for both teams or for the team bowling second, no bowler may bowl more than one-fifth of the total overs allowed. Where the total overs is not divisible by 5, one additional over shall be allowed to the maximum number per bowler necessary to make up the balance.
- 47.7 In the event of a bowler breaking down and being unable to complete an over, the remaining balls will be allowed by another bowler. Such part of an over will count as a full over only in so far as each bowler's limit is concerned.

- 49.2 For any free hit, the striker can be dismissed only under the circumstances that apply for a no ball, even if the delivery for the free hit is called a wide ball.
- 49.3 Field changes will only be permitted for free hit deliveries if a different batsman is on strike for the free hit delivery.

50 TIMED OUT

The incoming batsman must be in a position to take guard or for his partner to be ready to receive the next ball within 1 minute and 30 seconds of the fall of the previous wicket or he will be dismissed "timed out". The incoming batsman is expected to be ready near the boundary to make his way to the wicket immediately a wicket falls, and is expected to jog to the wicket.
